Baltimore, Maryland.

Dear Dr. Bresser:

We have received the death certificate of Louis H. Ege, who formerly lived at 1810 N. Gay Street, on which you gave as the cause of death "Gastro-Enteritis". From information that has been brought to me there seems to be a possible connection between the use of an acetylene torch, with a possible leakage in the hole of the vessel, and the disease from which he died.

I shall be much pleased if you will let me hear from you.

Respectfully yours,

C. Hampson Jones
Commissioner of Health.

G.

No connection whatever between Cause of Death & Acetylene poisoning. This has been traced out from every angle, but results were not those of above mentioned condition, but were given due consideration, Eliminated.
